

4th Annual
LES DAMES D'ESCOFFIER'S GREEN TABLES

Skagit Valley Tour & Summer Supper

Featuring THE BREAD LAB and WSU Extension Fields

Saturday, August 19, 2017

THE BREAD LAB

1:00 PM

11768 Westar Lane Burlington, WA 98233 360.707.4640

Created in 2011 by Dr. Stephen Jones and the WSU Extension, the Bread Lab conducts research on thousands of lines of wheat, barley, buckwheat, and other small grains to identify those that perform well for farmers, and that are most suitable for craft baking, cooking, malting, brewing, and distilling. Selecting for flavor, nutrition, and distinctive characteristics, samples of the most promising varieties are brought into the Bread Lab for analysis to determine the product that best utilizes and manifests their unique characteristics.

In 2017, construction was completed to add a milling laboratory and professional kitchen overseen by James Beard Best Chef Northwest Blaine Wetzel. <http://thebreadlab.wsu.edu>

OUR TOUR INCLUDES:

Baking demonstration at THE BREAD LAB with a tour of the MALT HOUSE

TASTING: Local grain based Beer and Westland Whiskey

CAIRNSPRING MILLS

3:30 PM
